For the above, three pupils in five days in Grades I–VI give a “Total Actual Attendance” of 11 (No. 3 of Teacher's Monthly Report, Form B); those in Grades VII–IX, 7; and the one pupil in Grades X–XII, 4.

The daily total of attendance and absence must equal the enrolment of pupils; in the example, 7.

The monthly total and sub-total of Actual Attendance must check vertically and horizontally.

If the enrolment does not change, the sum of the Actual Attendance and Actual Absence for the month will equal the number of pupils multiplied by the number of days the class was in session; in the example, $7 \times 5 = 35$.

The “Public Schools Act” specifies that some of the grants shall be based on average daily attendance of pupils in the following groups:—

- (a) Grades Kindergarten–VI, inclusive.
- (b) Grades VII–IX, inclusive.
- (c) Grades X–XIII, inclusive.

The Annual Report must show the sum of the Total Actual Attendance of pupils in each of the three groups. The Average Actual Attendance for each group will be obtained by dividing the Total Actual Attendance of each group by the number of days the group was in session.

* Teachers should separate groups in Register by line drawn in red ink or pencil.

Summarizing Pupils' Attendance for the School-year

Add the attendance sub-totals on the first two pages for each pupil, and enter the bi-monthly total in the Sept.-Oct. column on the wider page. Do this every second month, entering the bi-monthly sub-totals in succeeding columns.

At the end of June, add the five bi-monthly sub-totals for each pupil and enter in the School-year column. The total of this column (added vertically) must equal the total of the five previous columns added horizontally.

The Grand Total by Grade Groups will have one to three entries, depending on the type of school. If the class fits entirely into an (a) or (b) or (c) group, there will be only one entry in the column. In all cases the Grand Total will be the sum of the ten "Totals" indicated on the ten monthly pages.

The Total Actual Attendance for each grade group should be transferred monthly from the Total column on each page to the appropriate column and line in the table at the top of this page.

- (1) If a school is closed on a prescribed school-day by reason of the outbreak of an epidemic or the holding of a local fair or teachers' convention, such closing will lessen the number of days school was in session but not the number of prescribed school days. Any day proclaimed a holiday by the Governor-General or Lieutenant-Governor is a school holiday and is not a prescribed school-day.
- (2) In 1960, Public Schools will reopen on January 4th.
- (3) Pupils might be provided with a list of supplies required for the fall term before leaving school in June.
- (4) The June dismissal date for all pupils of Grades I to IX will be the regular dismissal hour of June 25th. The June dismissal date for pupils of Grades X to XIII will be the regular dismissal hour of June 25th, except those students not required to write School or Departmental Examinations. These students may be dismissed as their examinations are completed, but not earlier than June 12th.
